Call to Action

Healthy Athletes®
Healthy Athletes is a Special Olympics program that provides free health screenings in a fun, welcoming environment that removes the anxiety and trepidation people with intellectual disabilities often experience when faced with a visit to a medical professional. Volunteer clinicians often discover unknown health issues or provide health care that otherwise would not be available.

Volunteer clinicians are offering free screenings in four different health areas at the 2017 summer games: dental, hearing, fitness and vision. Between events, coaches work to get their athletes to Healthy Athletes because fitness and health are essential to being an athlete.

The Flame of Hope
We express our sincerest gratitude to all law enforcement agencies and officers who held torch runs in 12 counties leading up to the Summer Games including the Final Leg into the Opening Ceremonies at the Block Party. They are the guardians of the “Flame of Hope.”

Our additional thanks to all the Fire Departments, government agencies, school bands, clubs and classes and local businesses that came out and lined the streets to support the Torch Runs and helped make them additionally fun!

Torch Runs show mutual respect and visibly demonstrate a commitment to include individuals with intellectual disabilities in our communities.

Help grow the Torch Runs! Ask the law enforcement agencies you know to participate in the 2018 Torch Runs and come run, walk or bike with us!

Volunteer in August to help Special Olympics Utah
Special Olympics Utah partners with the Utah Section PGA to support the Siegfried & Jensen Utah Open. A portion of the proceeds of this third party event goes to Special Olympics Utah and directly benefits Utah’s athletes and programs.

Special Olympics Utah fields and provides all the volunteers to support this seven day event for both amateur and professional golfers. We need over 200 volunteers! Individuals and groups 12 years and older welcome (12-15 years old with adult supervision can be spotters, i.e. watch for where the golf ball lands. Must be able to be very quiet on the course!)
